embers

**Our spacious Grass Pitches are perfect for pitching your tent, or you can choose one of our Bell Tent options, with or without our super comfy single air mattresses. All our Bell Tents are pre-erected before your arrival and laid with a fleece lined carpet as standard!**

## Step 1 - Camping Fees

Everyone starts with their camping fees which is a per night cost. This cost covers your stay and use of all on-site facilities. If you're bringing your own equipment, skip to step 3 to pick your firewood and optional extras.

## Step 2 - Bell Tent Options

Next you can add one of our Bell Tent packages, there's also options including our 50cm deep Superior Air-Mattresses (bedding not included). These packages are charged on a per night basis and are in addition to your camping fees.

## Step 3 - Additional Extras

Each of our pitches comes with a firepit as a standard, so no need to reserve one. Don't forget the tripod to rest your BBQ grill on or firewood to get your fire started though - those marshmallows won't toast themselves!
